Présentation

The term "Utopia" comes from Thomas More's 1516 book whose title means "no-where". By enhancing its unrealism, utopian literature has claimed to be innocuous. In fact, ever since ancient times, it has served as a vehicle for advancing dissenting ideas and radical proposals. Travel has often been used as a device to escape from the here and now and explore faraway lands, especially islands, or bygone eras. As such it allowed the imaginary projection of ideal societies.

Objectifs

This course aims to provide the students with a definition and typology of utopia as a genre, from its ancient and Renaissance models to its contemporary versions often verging on its nightmarish opposite, dystopia. Through the study of texts in their historical context, the students will explore various recurrent utopian dreams such as social justice, religious peace, scientific progress, gender equality, political freedom, brotherhood and harmony. They will also learn how to write the historical analysis of a text in English.

Évaluation

Session 1:

Contrôle continu Session 1 : Contrôle continu : un commentaire de texte de 2h à mi-parcours (30%), un devoir écrit de 2h en fin de semestre (50%), participation (préparation des textes, fiches de lecture, prise de parole, etc.) (20%).

Contrôle dérogatoire : un devoir écrit de 2h

Session 2 :

1 devoir écrit de 2h

Pré-requis nécessaires

anglais B2/C1-français B2
